Memorandum

TO: BATA Oversight Committee

DATE: October 2, 2013

FR: Deputy Executive Director, Operations

W. I. 1254

RE: BATA Resolution No. 109 – Air District Financing Plan

Under this item, staff is recommending that the Committee refer BATA Resolution No. 109 authorizing a contribution of \$30 million to the Bay Area Headquarters Authority (BAHA) to assist in the completion of the Bay Area Air Quality Management District's (the Air District) purchase of its office space at 375 Beale Street.

Since the inception of the plan to relocate the four regional agencies into a single regional headquarters facility, BATA has contemplated providing financial assistance to the Air District and ABAG in order facilitate the move. BATA is negotiating to provide equivalent office space to ABAG, for example, in exchange for the transfer of all ABAG's ownership rights at the current 101 Eighth Street location.

The Air District previously signed a Lease/Purchase Agreement providing it the option to lease or purchase its 375 Beale Street office space over the next 10 years for a purchase price of \$385 per retail space foot. The approximately \$29 million purchase price includes the development, furniture and improvements necessary to move the Air District into the building.

While the Air District has financial resources of its own, the acquisition was always considered challenging, because the Air District is limited in the amount of debt it may issue. This limitation would make it nearly impossible for the Air District to finance the acquisition in the traditional public finance market where debt is offered through public sale of tax-exempt securities.

BATA and the Air District have developed a structure where BATA will contribute funds to BAHA, which will finance the acquisition through a privately placed taxable financing. The transaction will involve:

- The Air District's acquisition of 375 Beale Street space for \$29 million.
- The Air District will finance the acquisition through the issuance of \$30 million in Certificates of Participation (COPs).
- BATA will contribute \$30 million to BAHA to acquire the COPs.
- BAHA will underwrite the transaction and acquire the COPs as an investment.
- The Air District will make annual payments consistent with the following terms:
 - The transaction will be variable rate with pre-determined rate caps.

- Payments are set in advance for all 30 years at \$1.2 million (years 1-10) and \$1.370 million (years 11-30).
- When rates are below cap, additional payment applies directly to principal.
- The Air District will “prepay” principal of at least \$8 million from the sale of its current building reducing the net funding requirement to approximately \$22 million.
- The Air District will make monthly payments to BAHA.
- BAHA will transfer the \$30 million purchase proceeds to BATA to return BATA’s contribution.
- BAHA will return annual lease payments to BATA as part of the annual settlement.
- The Air District will own its space throughout the term of the transaction.

While the contribution/financing mechanism is complex from a legal structuring standpoint, the structure will allow the Air District to complete the acquisition without violating its strict debt limitation.

BATA’s risk in the transaction is mitigated by several layers of protection. The protections include:

- BATA will receive its \$30 million in cash for the acquisition.
- BATA will receive SIFMA (Securities Industry and Financial Marketing Association Index) + 1.20% up to the cap.
- Interest rate caps are reasonable and below current treasury equivalents.

<u>Year</u>	<u>Cap</u>	<u>Treasury Rate</u>
0-5	3.2%	1.69%
6-10	4.2%	2.88%
11-30	5.2%	3.83%

- The Air District space will be security at all times against non-payment.

The Air District and BATA staffs believe we have achieved a well collateralized and cost effective mechanism to facilitate the Air District’s acquisition of its 375 Beale Street office space.

Staff requests the Committee forward BATA Resolution No. 109 to the Authority for approval.
